POSSIBLE DREAMS 2012:

*BRIDGE TO BRIDGE AND BEYOND*

A COMMUNITY-WIDE CONVERSATION HOSTED BY...

MONDAY, JANUARY 30, 7 PM

NORTHERN ESSEX CC, HAVERHILL CAMPUS  
100 ELLIOTT STREET, TECHNOLOGY CENTER 1<sup>ST</sup> FL

Your voice counts! Join us for this upbeat, community-wide conversation about recent progress and future possibilities in the heart of the city—the area from bridge to bridge, on both sides of the river. We'll be thinking together about:

- How to build upon new assets—like the parking garage, the Bradford Rail Trail, and streetscape projects on Washington and Merrimack Streets
- How to fill in “missing pieces” that would make this central area a more coherent whole—through creativity and cooperation
- How to “connect” this area effectively with the city’s other neighborhoods, businesses, organizations and cultural treasures

Using the engaging “World Café” style of conversation, we’ll imagine what we can do together that no one stakeholder—government, business, or nonprofit—can do alone. And look for ways to get it done!
